4068 The Theatres Trust is pleased proposed Policy LS5 in publication version of the Local Plan Part 2 now recognises, protects and supports community and cultural facilities. LP2 now reflects guidance in para 70 of the NPPF which states that to deliver the social, recreational and cultural facilities and services that the community needs, planning policies and decisions should guard against unnecessary loss of valued facilities. Also to ensure that established facilities and services are retained and able to develop for the benefit of the community. Paragraph 156 also states local planning authorities should set out the strategic priorities in the Local Plan to deliver 'the provision of health, security, community and cultural infrastructure and other local facilities'.
