Building houses on the proposed site will seriously infringe on the privacy of the back gardens of the houses adjoining it from Yatesbury Crescent. The Crescent will become a cut - through for people accessing the development and increase parking on an already difficult road to drive safely on. The increase footfall and lack of privacy will seriously de value the properties of Yatesbury Crescent. The area at present is vital as a playing field and is well used for exercise. dog walking. and as a playing field, There is no clear or obvious point to the site.

If your response is seeking a change, do you consider it necessary to participate at the examination in person?
