Paragraph 1

Local Plan Part 2 MASTER

Do you consider the Local Plan - Part 2 to be legally compliant?  
(Please read the following guidance note and indicate whether or not you feel the Plan is legally compliant)

A plan is considered legal when it complies with the various regulations that govern how it should be prepared. Key issues the Inspector will look at include:

- a) Whether it is in the Local Development Scheme;
- b) Whether community consultation was carried out in accordance with the Statement of Community Involvement;
- c) Whether the requirements of the relevant Regulations have been followed;
- d) Whether the appropriate notifications have been made;
- e) Whether a Sustainability Appraisal assessing social, environmental and economic factors has been completed and made public;
- f) Whether the document has regard to the Sustainable Community Strategy for the areas it covers; and
- g) Whether the requirements of the Duty to Cooperate have been met.

Yes, I do consider it to be legally compliant (1)  100%

No, I do not consider it to be legally compliant (-)

With the above in mind do you consider the Local Plan Part 2 to be 'sound'?

I do consider it to be legally compliant/sound but there is a change of terminology required.

Please set out what change(s) you consider necessary to make the Plan legally compliant or sound, having regard to the reasons you identified in the previous question.

You will need to say why this change will make the Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any Policy or text. Try to be as precise as possible.

If you consider the Plan legally compliant and sound please go to the next question.

The terminology needs to be changed. I created the Urban Archaeological Database and since 2012 Nottingham City Council has had a Historic Environment Record. The UAD is specific to Nottingham city centre. The HER covers the whole city. Therefore all references to the UAD should be replaced with HER in the policy and the justification. In paragraph 4.145 of the justification the expert advice was from the City Archaeologist and the Historic Environment Record Officer (myself) based upon data from the HER.

If your response is seeking a change, do you consider it necessary to participate at the examination in person?

Yes, I wish to participate in person at the examination (1)

100%

If you wish to participate in person at the examination, please outline why you consider this to be necessary.

It should not be necessary because the alteration is minor but if you would like to speak with me regarding the change I am happy to do this.
