To whom it may concern,  
Having read the document, myself and the owner are happy with the plan. However we object to any buildings, facing Ashburnham Avenue, being more than two stories high; due to potential obstruction of light. Moreover there may be the potential of any higher buildings on the Ashburnham avenue side of the site being built as flats rather than family housing which we object too.

Kind Regards,

Deborah Thayer (Manager of Sandfield Day Nursery)
