I am concerned about the loss of the car park. Sherwood is becoming busier and the car park off Winchester Street is always full with overspill parking on pavements of adjoining streets. I live on Mapperley Street and we are already starting to see people parking up this residential street and heading off on foot towards Mansfield Road. On Mapperley Street most have no possibility to park on their property and have to park on the street. I am not against re-developing the proposed site as long as there is no negative impact on the parking situation for residents. Thank you
