

Household Waste & Recycling Centre Sites

Waste disposal charges

Charges now apply to certain types of waste brought to the Household Waste & Recycling Centre.

Depending on what you're disposing of, you will need to pay from £3 per unit or £3 per bag (or part bag). A bag should be no larger than 535mm by 820mm. We'll look at what you're bringing and make an assessment of the total cost on site. A different charge applies to plasterboard.

You'll be asked to pay by card when you arrive at the Household Waste & Recycling Centre before disposing of your waste; if payment is not made then you will be instructed to remove your waste from site. The charges will apply to all visitors.

You can only pay using a credit or debit card. Cash or cheques will not be accepted.

Why are we introducing charging?

We are aware that our Recycling Centres are highly valued by residents, however like many local authorities; we have to make difficult financial decisions due to significant cuts from central government. We are required by law to provide a Household Waste and Recycling Centre service and ours is one of the most efficient in the country. We do not, however, have to provide a disposal service for rubble and plasterboard so, like with many other councils we have decided to charge a small amount for this service to help fund our front line services.

Examples of chargeable items

Concrete

For example:

Whole paving slabs
Concrete posts and lintels/gravel boards

Charge: £3 per slab, post or lintel.

Rubble/Hardcore

For example:

Bricks (broken or whole)
Blocks (broken or whole)
Broken paving slabs
Sand, gravel and pebbles
Cement mortar and rendering
Tarmac

Charge: £3 per bag (or part bag).

Ceramics and tiles

For example:

Ceramic wall / floor tiles
Slates / roof tiles

Charge: £3 each or £3 per bag (or part bag).

Plasterboard and gypsum products

For example:

Gypsum based products
Coving
Plaster board sheets (whole or broken)
Ceiling roses
Unused / part bags of plaster

**Charge: £8 per sheet (1800mm x 900mm / 6ft x 3ft approx.) or
£8 per bag (or part bag).**
