Subject: PA57 Clifton West

5177

Further to a telephone conversation with a member of your staff yesterday, I wish to complain about the fact that your letter dated 27 September 2017 regarding the above was not sent to our address.

We have previously objected to this proposed development and therefore feel that we should have been included in your letter's circulation. We only found out by chance by discussing the matter with my neighbour that a letter had been sent out. Is this a ploy on your behalf to reduce the number of objections you may receive.

We look forward to receiving a copy of the letter and your comments.

Our address is: [REDACTED], Nottingham. [REDACTED]

Regards

Mr & Mrs S Thomas
