Subject: LAPP Consultation: NAG Comments

Good morning Matthew

I am writing to you in connection with the consultation on the Nottingham City Local Plan Part 2: Land and Planning Policies - Revised Publication.

The NAG has submitted comments at all the consultation stages of this document.

5702

Whilst reservations remain about the methodology used to determine the concentration of HMOs in an area, we confirm our support for those of the Council's policies relevant to the NAG as stated in the revised publication.

Regards

Maja Fletcher
on behalf of the Nottingham Action Group on HMOs
