My consultee number: 2357

Dear Karen Shaw

In regard to the letter
 I received from your department
 which referred to my interest
 in the Local Plan Part 2

Land and Planning Policies
 Document. It said that
 there is no need to repeat
 any comments I made.

But I do want to say that

I believe it is even more
 important that areas or
 sanctuaries of wildlife
 habitat and wildlife corridors
 enabling them to travel from

one sanctuary to another
 is of even more crucial
 importance. Not least because
 many people are covering
 their gardens over with
 pebbles slates etc.

I have become a member
 of both R.S.P.B. and
 Nottingham Wild life Trust

to help to protect them
 because I love and
 value them so much
 But the importance of
 conserving them is
 important for everyone

Yours sincerely

MRS ~~L.H. Mostyn~~
