Subject: Revised Publication Version 2017

Following the recent information on the Nottingham City Plan I wish to continue my objections to the Plan at Clifton West for the reasons I set out previously in 2016 on my form -listed as Consultee number 3733.

5220 I am disappointed that on inspection of my objections there appears to have been no consideration to the points made, particularly the means of access and I am not aware of any opportunity to discuss these concerns with the Planning Department. I therefore wish to again reiterate my same objections as before, for proper consideration before confirmed decisions are agreed.

I Would also like to inform you that in your proposals you indicate under guidelines that the plan will take into consideration the following:

5221 UPHEAVAL TO PRESENT RESIDENCIES

5222 DIFFICULTIES IN ADDING TO EXISTING TRAFFIC LEVELS

5223 AVOIDING AN INCREASE IN NOISE LEVELS

AVOIDING FURTHER EXCERBATION TO THE CLIMATE RE FUMES/DUST ETC THEREFORE ADDING TO HEALTH ISSUES TO EXISTING FAMILIES.

5224 ENSURING THAT PRESENT OCCUPANCIES WILL NOT BE DISADVANTAGED WITH BEING OVERLOOKED OR HAVING SIGNIFICANT CHANGES TO THEIR ENVIRONMENT.

I STRONGLY SUGGEST THAT THESE ITEMS ARE NOT BEING ADDRESSED IF THERE IS NO CHANGE TO THE PRESENT PLANS .

I would welcome to opportunity to discuss these issues at any time with the relevant agencies.

Charles Hunt (3733)
