Schedule of Changes to the Nottingham City Land and Planning Policies Development Plan Document (Local Plan Part 2) Submission Version. Appendix 1: Schedule of Contextual Layer Changes to the Revised Publication Policies Map

March 2018

Appendix 1: schedule of Contextual Layer Changes to the Revised Publication Policies Map, March 2018

Purpose of this document:

The Land and Planning Policies (LAPP) document (Local Plan Part 2) forms part of the Local Plan for Nottingham City along with the Core Strategy which guides future development in Nottingham City.

The Local Plan Part 2 contains development management planning policies and site allocations against which planning applications for future development proposals in Nottingham City will be determined.

This document provides a list of all factual changes to the contextual layers of the Policies Map (produced for the Revised Publication stage), which are simply presented to keep the Policies Map as up-to-date as possible. This forms an appendix to Schedule of Changes to the Nottingham City Land and Planning Policies Development Plan Document (Local Plan Part 2) Submission Version, March 2018

For context therefore, each individual amendment should be viewed alongside the Revised Publication Version Policies Map, September 2017.
## Contents

1.0  Introduction .................................................................................................................. 1

     Petroleum Exploration and Development Licence (PEDL) Area .................................. 64
     Highway Planning Lines ............................................................................................... 66
     Highway Route Improvement Safeguarding (Indicative) ............................................... 69
1.0 Introduction

1.1 Following the consultation stage on the Revised Publication Version of the Land and Planning Policies (LAPP) Development Plan Document, amendments have been made to the draft LAPP in order to address comments raised in representations, to make factual updates and increase clarity.

1.2 The changes to the LAPP document are shown in a track changes form in the Submission Version of the Plan and are included in the Schedule of Changes to the Nottingham City Land and Planning Policies Development Plan Document (Local Plan Part 2) Submission Version, March 2018. This document is the appendix to that Schedule and shows the further contextual changes to (the data layers of) the Policies Map, made for the sole purpose of keeping the Policies Map up-to-date.

1.3 The Submission Version of the LAPP and supporting documents can be found at www.nottinghamcity.gov.uk/submission.
