SECTION 1

1. Introduction

- 1.1 This document is Nottingham City Council’s Housing Allocation Policy, which sets out how Nottingham City Council (“The Council”) allocates social housing in the city. It sets out the Council’s scheme for determining priorities, in allocating housing accommodation pursuant to the Council’s functions under Part VI Housing Act 1996. The Council does so in partnership with a number of other social landlords in the city through the “Nottingham HomeLink” scheme operated by the Council’s arm’s length management organisation, Nottingham City Homes.

Nottingham HomeLink Partners are:-

Abbeyfield Society	Accent Group Limited	Clarion Housing Group
Derwent Living	The Guinness Partnership	Longhurst Group
Metropolitan Thames Valley	Nottingham Community Housing Association Limited	PA Housing
Places for People Homes Limited	Stonewater	Tuntum Housing Association Limited

- 1.2 It is a requirement that all Local Authorities must have and publish an Allocations Scheme (Policy) and ensure that properties are offered according to that Policy.
- 1.3 Nottingham Homelink operates a choice based letting scheme (“CBL”). The purpose of CBL is to provide applicants with as much choice as possible by advertising vacant properties and inviting registered applicants to apply for them through a bidding process.
- 1.4 The legal framework for this policy is set out at Annex A. The policy has been written to reflect current laws and statutory guidance. If there are any changes, it will be amended and the amended version published on our website.

2. The aims of the Housing Allocation Policy are:

To ensure the allocation of social housing is open, fair and accountable to applicants, to encourage customer choice, to address housing need and to ensure the policy has flexibility to address specific local issues and help create sustainable communities.

SECTION 2

3. Eligibility and Qualification to Apply to Join the Housing Register

Only some people are eligible for social housing within the law. Of those who are eligible for social housing, only some people qualify to join the Nottingham HomeLink Housing Register.

Joining the Housing Register – Restricted Eligibility for People From Abroad

- 3.1 Applicants will not be eligible to join the housing register if applicants are not entitled to access public funds due to their immigration status or:
- a) They are subject to immigration control within the meaning of the Asylum and Immigration Act 1996, unless Regulations by the Secretary of State prescribe otherwise or,
 - b) They are a person from abroad other than a person subject to immigration control and they fall within a class of persons who are ineligible by virtue of Regulations made by the Secretary of State, unless, they are already a secure tenant, an introductory tenant or an assured tenant of social housing allocated to them.
- 3.2 An allocation of accommodation may not be made to two or more persons jointly if one of them is ineligible.

4. Joining the Housing Register – Qualifying Criteria

- 4.1 The following criteria applies to all applicants other than those in reasonable preference categories. Reasonable preference categories are set out in Annex 1.

In deciding whether an application is disqualified as a result of unacceptable behaviour HomeLink will undertake an assessment, which will take into account steps taken to address the behaviour. Steps taken can include:-

- Adhering to a payment plan to actively reduce the level of rent arrears.
- Demonstrable change of behaviour.

Support needs will also need to be taken into consideration. In exceptional circumstances, Nottingham HomeLink may waive or reduce the periods of disqualification referred to above.

6 Types of Applicant

6.1 Sole Applicants

Sole applications can include people wanting to apply for a tenancy themselves, who may have other people included on their application e.g. partner.

6.2 Joint Applicants

Joint applications should be from adults who have a long-term commitment to live together. All joint applicants must agree that they are applying together in order to be accepted as joint applicants.

6.3 Applicants no Longer Wishing to Apply Jointly

If one / both / all applicants in a joint application no longer wish to apply jointly and want to be considered on their own, separate applications can be made from the original joint application.

When a request to split the joint application is received, each party's circumstances will be re-assessed separately to see if they remain eligible and if so, an appropriate band awarded.

6.4 If the separate applicant is awarded the same or a lower band as was awarded to the joint application, they will retain the same registration / band dates as in the original application.

If the separate applicant's circumstances have altered so much that they are awarded a higher band, the registration date will remain the same but their new band start date will commence on the date they are placed in the higher band.

6.5 Households with Children

6.6 Applicants will be regarded as having a 'family' where at least one dependent child is living permanently within the household. This includes natural children of the applicant(s), adopted children and children fostered through Nottingham City Council.

6.7 In this policy, 'dependent' children are defined as children under 18, who must be living with the applicant as their main home.

6.8 Children aged 18 and over, but still living at home, are regarded as adult members of the household.

6.9 Where the applicant has access to their children, but whose main home is with the other parent or another carer, they will not be counted as permanent members of the household. However, their access arrangements will be taken into account when assessing their housing need.

6.10 **Pregnant Applicants**

6.11 Applicants who are pregnant will be accepted as a 'family' for eligibility/occupation purposes only, as soon as their pregnancy has been confirmed. Any allocation will be of a size and type suitable for the family, taking into account the unborn child.

Support Needs

- 9.2 All new applications for housing will be checked to assess whether they will have any support needs when they become a tenant. This is done in order to ensure that all new tenants have the best possible chance to sustain their tenancy and to minimise the risk of failure

9.3 Risk Assessment

- 9.4 All applications will be checked to identify and manage any risk, either to the applicant or from the applicant, in addition to identifying people who may not be eligible for housing in certain areas.

9.5 Decision

- 9.6 All applicants who have applied to join the housing register will be notified of the decision in writing and information on the right to request a review where appropriate.

9.7 Notification of Change in Circumstances

- 9.8 Applicants must immediately inform Nottingham HomeLink of any changes in their circumstances that may affect their priority for housing, or their eligibility according to the criteria in this policy, so that any effect on their application can be assessed and the applicant informed.

- 9.9 Notification to Nottingham HomeLink may be made online or in writing. A change of circumstances may include:

- change of address
- change of living arrangements
- changes in household members circumstances
- pregnancy
- change of tenure – if your tenancy type changes or there are other changes in ownership arrangements for any property you own, live in or have a financial interest
- change in financial circumstances – including any increases in income or savings to over the threshold as set out in section 5.3
- or any other behaviour that would cause an applicant to be disqualified under section five of this policy.

Where information about a household members personal circumstances has been withheld or misleadingly presented, Nottingham HomeLink reserves the right to withdraw any offer of accommodation made and may consider excluding the applicant from the housing register as per section five.

10 How Your Application is Prioritised - Banding

10.1 A banding scheme has been devised to determine applicants' level of priority (band). Applicants within bands are ordered by their "band" start date.

Once a sole or joint application has been received, the application will be assessed. Eligible applicant(s) will be placed into a suitable band that meets their re-housing circumstances and housing need.

There are four bands – A to D, (see Annex 4)

Band Awards

Band A

There are sixteen categories that fall within this Band; each one is explained further below.

Band A priority is normally awarded for six months. Applicants in housing need who have been placed into Band A will be given support and advice to assist them to bid effectively during this period.

After six months, applicants who have not bid on a property or accepted an offer may have their status reviewed and this may result in their removal from the register, or application being placed in a lower band. If properties have not become available for applicants after six months, Band A priority may be extended for an additional 6 months after which there will be a further review, which may result in removal from the register.

A1 - Severe Harassment, Domestic Violence or Threats of Violence

Applicants who are experiencing serious harassment, domestic violence or other threats of violence, where there is a serious risk of harm to a member of the household, if they were to stay in their current accommodation.

This category is for:-

 - (ii) they are unable to manage access to their home or access is very limited.

- (iii) Victims of domestic violence who are residing in a refuge or other form of safe temporary accommodation and who have developed medical or welfare needs (such as mental health problems or physical injury) as a result of domestic violence. The person affected in this way may be the applicant or another person reasonably expected to reside with them.

And in either (i) or (ii) above, it must not be possible to remedy the problem in any way, for example, by the applicant(s) arranging/obtaining adaptations to the property or by the provision of other support.

Assessments will be conducted by Nottingham HomeLink, taking into account advice and/or evidence from for example, health and social care professionals, GPs, Consultants and Social Services, or recommendations from Occupational Therapy (OT).

A6 - Nottingham City Council Approved Adoptive or Foster Parents (Reasonable Preference)

This category includes:-

- **Approved Adoptors** – those who have been approved by Nottingham City Council Children and Adults Services, but are currently in unsuitable accommodation, to enable the placement of the child(ren) to occur. Supporting information from Children and Adults Services will be required

This may include people living in supported accommodation where they no longer require that level of support and people leaving properties where there is a shortage of supply, but high demand from urgent need cases. A10 - Insanitary and / or Unsatisfactory Housing Conditions – Serious Cases (Reasonable Preference)

Applicant(s) will only be placed in this band once they have been assessed by the Nottingham City Council Safer Housing Team as living in insanitary or unsatisfactory housing conditions. Insanitary or unsatisfactory housing conditions are considered to be those where there is a Category One hazard at the applicant's current home, which cannot reasonably be remedied. A Category One hazard is as defined in the Housing Health and Safety Rating System (HHSRS) – Housing Act 2004.

In relation to larger accommodation, applicants will have to demonstrate that they can afford the larger property.

Vacating an Adapted Property and The Adaptations are No Longer Needed - This is either because the person for whom the adaptations were installed no longer needs them, or the person with disabilities does not reside there anymore. Applications from social housing tenants, who have a specific urgent need to be re-housed in Nottingham City, may be accepted onto the housing register as a result of a “reciprocal” request from another social landlord who is not one of the Nottingham HomeLink partners.

The applicant will have been already accepted as a high priority case for re-housing according to the Registered Provider/Local Authority’s own allocation criteria. Cases will only be accepted if the Registered Provider/Local Authority cannot re-house the applicant within its own stock and offers a reciprocal re-housing arrangement.

B12 - Hostel Residents Needing to Move on With Support Plan in Place (Reasonable Preference)

Hostel residents referred through the 'Homelessness Prevention 'Gateway' by Housing Aid who have undergone an assessment of housing and support needs and have a support plan put in place, are placed in Band B when it is deemed they have the capability to live independently. The City Council's Housing Aid team carries out these assessments and manages the Homeless Prevention Gateway.

B13 – Refuge - Those living temporarily in a refuge

Applicants living temporarily in a refuge, who are potentially homeless in accordance with Section 198 Housing Act 1996, but have been assessed as needing additional move on support over a set period of time and support package is in place when rehoused.

BAND C

There is one category that falls into this banding. It is explained further below:

C1 - Singles/couples living in shared accommodation (without any dependent children)

This category is for applicants, who do not have dependent children living with them as their main home, who are living in shared accommodation.

Shared accommodation is defined as accommodation shared with their landlord (who may be a stranger, family member or friend). Applicants within this category may have access to children whose main home is not with them.

BAND D

There is one category that falls in this banding. It is explained further below:

D1 – Independent Living Accommodation

Allocations from within this band are limited to 'older persons' accommodation provided by one of the Nottingham HomeLink partners.

NCC will let properties to those where all household members are:

- aged 55 and over and who are in receipt of Disability Living Allowance/Personal Independence Payment
- applicants where one of the applicants is aged 60 or over and any additional household members are aged over 55

Some Nottingham HomeLink partners will allocate to those aged 50 and above.

Where a couple applies, both must meet the age criteria, however the partner does not need to be in receipt of Disability Living Allowance or Personal Independence Payments.

BAND DATES

Once allocated to an appropriate band, applicants will be ordered within the band by 'band date' order, earliest first, so priority is given to applicants with the earliest band date.

The applicant's 'band start date' is arrived at as a combination of:-

1. the date of acceptance into the band after assessment, plus
2. any additional time awarded due to their circumstances

The effect of adding additional time is to place the applicant higher in the list of applicants within their designated band, thereby accelerating their application.

Applicants with Reasonable Preference (Annex 1) are considered amongst all other applicants in the respective band.

The exception to this is that those applicants, who would not have qualified to go on to the register but for being in a reasonable preference category, will be prioritised after those who meet all of the criteria for registration.

Within Band D, homeowners will only be considered after applicants within the other categories in this band.

Additional Time Awards

There are additional categories of applicants who may be awarded an additional time 'accelerator' in order to change their band start date to an earlier date within the band.

Applicants can be awarded time accelerators that will give applicants a 12 months additional boost to help reduce the time applicants are likely to wait for an offer.

These are cases where the applicant falls in to the following:

Medical / Disability Recommendation for Re-housing

Where an applicant has a very urgent medical / disability issue or is in hospital waiting for discharge and has been placed in Band A, they are eligible for an extra 12 months acceleration to their waiting time in that band in the following circumstances.

These include people who are:-

- terminally ill and need to facilitate their care,
- at risk or in immediate danger of serious injury / harm due to poor mobility and the limiting aspects of their present accommodation,
- at risk or in immediate danger of serious injury / harm due to their mental health and limiting aspects of their present accommodation,

- bed blocking i.e. staying in hospital or another institution, where they cannot return to their present accommodation, as it is considered no longer suitable and cannot be adapted at a reasonable cost.

Multiple Band A Criteria

If an applicant within Band A has more than one Band A housing need criteria, a time award of **an extra 12 months** can be added for additional criteria.

Local Area Preference (LAP)

NCC believes that communities are strengthened if people who need housing have the opportunity to stay in the area where they currently live.

Therefore, additional waiting time of 12 months will be awarded if an applicant needs to stay in their current area because they need to:-

- have easy access to a local school or college** of education in order to continue their children's education at their current school or where a child up to the age of 18 is in education at a college of higher education. A local school or college is defined as one, which is located within two miles of the applicant's present place of residence.
- give or receive regular family / child care support** as they have dependent children and give / receive regular support from a family member who also lives in the area (within a two mile radius of the accommodation)
- give or receive regular disability / ill health support** as they have a disability or permanent ill health and give / receive regular support from a family member who also lives in the area (within a two mile radius of the accommodation).

Applicants who are awarded additional waiting time for "local area preference" will only be considered for offers of tenancy within the specified area.

Additional Preference – Armed Forces

In line with the Additional Preference for Armed Forces England Regulations 2012 (see Annex 1) additional preference is given to an applicant who falls within the category. This additional preference is given by way of an extra 12 months accelerated waiting time for such applicants, once proofs have been provided namely those who have urgent housing needs so who fall within Band B reasonable preference categories.

SECTION 4

11. How to Bid and the Advertising Process

All vacant properties will be advertised for letting, with the exception of properties required for direct offers (see below).

Applicants will be invited to bid on properties of their choice.

Any offer of accommodation is subject to final checks of eligibility and priority.

On a weekly basis, Nottingham Homelink is notified of properties available for advert by HomeLink partner organisations.

Nottingham HomeLink will advertise the property as available to let to those applicants who have been accepted on to the housing register. Adverts will usually run from Friday at 12 noon to Wednesday at 11.59pm each week. On occasions, properties may be advertised with different start and end bidding timings. Adverts will stipulate endings as appropriate.

Properties are advertised:

- On the internet via at www.nottinghamHomeLink.org.uk

Properties will be advertised to bands according to the demand and need within respective bands. Quotas will be subject to regular review.

Current quotas are as follows:

	Band A	Band B	Band C
Houses	30%	70%	N/A
Bungalows	75%	25%	N/A
Flats and Maisonettes	50%	30%	20%

Should no successful bids be made on a property offered to Band A, that property will then be offered in Band B. Should no successful bids be made on a property offered to Band B, that property will be offered within Band A. Should no successful bids be made within either Band A or B, the property may be offered within Band C.

During the bidding period, applicants are entitled to bid on properties that they are eligible for. There is no limit to the number of properties that can be bid upon. Bids can be placed in one of three ways:

- On the internet at www.nottinghamHomeLink.org.uk
- By calling the Customer Contact Centre on 0115 7469555
- By calling into an office of any [Nottingham HomeLink partner](#)

- Bids must be received before the closing date.

12. Shortlist and Offer of Accommodation

The following process takes place:

- a) A shortlist is generated by the relevant landlord of bids on a property
- b) If an applicant is in a reasonable preference category, but would otherwise be disqualified from the register by virtue of the qualifying / non-qualifying criteria, they will be considered after all other applicants.
- c) After bidding occurs, Shortlisting will take into account the following:
 - Band
 - Band start date
 - Property Type / Suitability
 - Local Lettings Plan
 - Residency, Finances and Unacceptable Behaviour
- d) Qualifying applicants who reside outside of the Nottingham City Council administrative boundary, and have bid on a property they are eligible for, will only be considered for offer after the property has been advertised on three occasions, and Nottingham HomeLink has considered any Nottingham city applicant that has bid on the property.
- e) Successful applicants will be notified once any relevant checks have been completed and made an offer of the accommodation. This offer will be subject to checks that the applicant remains eligible to be on the housing register and that the property type and size, meets the applicants requirements. Applicants who refuse two offers will be taken off the register. If an applicant has not been offered the property within 10 days of the close of bids, they can assume they have been unsuccessful.
- f) If an offer is refused then that offer will be made to the next person on the shortlist.
- g) Any offers of accommodation to members of staff, Councillors, board members or their relatives will be subject to additional audit scrutiny by the Head of Housing Options.

13. Direct Offers

13.1 There are sometimes cases where it is necessary to make offers to applicants outside of the advertising process. For example:

- Urgent housing management cases, approved by the Head of Housing Options
- To discharge a legal duty by making a direct offer of a property for example in the case of a court order or in compliance with our homelessness duties
- Certain properties, which require sensitive letting due to the nature of the accommodation
- Applicants with management recommendations who are occupants with no rights to statutory succession
- To facilitate moves for re-generation purposes
- Applicants who fall within the approved adoptive and foster parents category
- Exceptional or highly confidential cases, for example witness protection
- New and emerging housing pilot / project supported by the Nottingham City Council Portfolio Holder for Housing and Planning
- NCC, NCH and Registered Provider employees vacating a tied tenancy for reasons identified in Band A14
- In exceptional circumstances to assist Nottingham City Council's Housing Aid in discharging their homelessness duties and where that need cannot be met in the private rented sector, such as where there are medical, mobility or other support needs
- In respect of existing tenancies, for example a tenancy alteration to change a joint tenancy to a sole tenancy following the service of a Notice to Quit by one party or a Court Order.
- Where an applicant's needs are specific - such as requirements for adapted properties; or properties suitable for tenants with high support needs.
- Families living in city high-rise accommodation with dependent children
- In the event of an emergency or disaster that results in people being displaced from their homes in the City. Where it is demonstrated that an applicant is unable to return to his/her home, a direct offer of accommodation may be made in accordance with the Council's emergency allocations procedure put in place at the time in order to resolve the emergency/disaster. In such circumstances, it may be necessary to suspend the advertising of available properties through the Choice Based Letting (banding) scheme.

This is not an exhaustive list. Nottingham HomeLink will have discretion to consider other circumstances.

14. Closing applications / Removal from register

14.1 Applications will be closed in the following circumstances:

- An offer of accommodation has been accepted and signed for by the applicant from the Council, a partner of Nottingham HomeLink or by other means e.g. private tenure or owner occupation etc
- As a result of a re-assessment the applicant is no longer eligible for housing.
- An applicant no longer meets the qualifying criteria at any time from the point of registration, to the point of allocation
- The applicant does not reply to an offer letter, a review letter, or any other letter or contact made requesting a response
- Where identification, proof of any medical needs, proof of income, savings and other information in support of their application have not been provided within 90 days of the application submission
- A change of tenure occurs that impacts on eligibility/qualification for the housing register
- An applicant who refuses two reasonable offer of accommodation
- An applicant who fails to bid at least once every year where there are suitable properties available to bid
- Completion of Right to Buy

Before any application is closed, checks will be made to ensure that vulnerability and support needs are taken into account. The applicant's support networks (support worker/housing officer) will be contacted.

14.2 All applicants whose applications are closed will be informed in writing and have the right to request a review of this decision within 28 days. Before closing applications, the availability of properties to bid on, the vulnerability of the applicant and household circumstances will be taken into account.

ANNEX 1

Legal Framework

- It is a requirement under Part VI of the Housing Act 1996 (as amended) that all local authorities must have and publish an allocations scheme (policy), and ensure that properties are offered according to that policy.
- This policy takes into account the requirements of the above legislation and the relevant statutory guidance.

Reasonable Preference

The legislation requires that an allocations policy must be framed to give Reasonable Preference to certain categories of people as follows:-

- a) people who are homeless (within the meaning of Part VII of the 1996 Act)
- b) people who are owed a duty by any Local Authority under section 190(2) 193(2) or 195(2) of the 1996 Act (or under section 65(2) or 68(2) of the Housing Act 1985) or who are occupying accommodation secured by any such authority under section 192(3)
- c) people occupying insanitary or overcrowded housing or otherwise living in unsatisfactory housing conditions
- d) people who need to move on medical or welfare grounds, including grounds relating to a disability
- e) people who need to move to a particular locality in the district of the Local Authority where failure to meet that need would cause hardship (to themselves or to others)

Applicants from these Reasonable Preference categories are placed within Band A, Band B, and Band C of the Housing Register, in order to give them Reasonable Preference over other applicants.

Armed Forces Regulations

The Additional Preference for Armed Forces England Regulations 2012, provide that additional preference must be given to an applicant with urgent housing needs and who falls within one of the Reasonable Preference categories referred to above if:-

- a) S/he is serving in the regular forces and is suffering from a serious injury, illness or disability which is attributed (wholly or partly) to his/her service; or
- b) S/he has formerly served in the regular forces; or
- c) S/he has recently ceased or will cease to be entitled to accommodation provided by the Ministry of Defence following the death of his spouse or civil partner who has served in the regular forces and whose death was attributable (wholly or partly) to that service; or
- d) S/he is serving or has served in the reserved forces and is suffering from a serious injury, illness or disability which is attributable (wholly or partly) to that service

Forces are defined as “regular forces” are the Royal Navy, Royal Marines, The Army and the Royal Air Force. “Reserved forces” are the Royal Fleet Reserve, The Royal Naval Reserve, The Royal Marines Reserve. “The Army Reserve” are the Territorial Army, The Royal Air Force Reserve or Royal Auxiliary Air Force.

Right to Move Regulations

The allocation of Housing (Qualification Criteria for Right to Move) (England) Regulations 2015 (The 2015 Regulations) provide that a requirement for a person to have a local connection with the Authority’s district cannot be used as a criterion where the Applicant is a ‘relevant person’ that is someone who:-

- Is a secure or introductory tenant or an assured tenant of a Private Registered Provider or Registered Social Landlord.
- Is to be given reasonable preference because he needs to move to a particular locality in the Authority’s district, where failure to meet that need would cause hardship; and has a need to move.

A relevant person has a need to move for the purpose of this Regulation if he:-

- a) Works in the district of the Local Housing Authority, or
- b) i) Has been offered work in the district of the local Housing Authority and
ii) The Authority is satisfied that the relevant person has a genuine intention of taking up the offer of work.

The regulation does not apply if work is short term or marginal, ancillary to work in another district or voluntary.

For the purpose of this policy the hardship reasonable preference category referred to at 3.3 e) above applies to relevant persons as defined by the 2015 Regulations.

Annual Lettings Plan

We may annually review of our Lettings including our Local Lettings Plans in line with changing priorities and community needs. The lettings plan will influence the properties allocated to bandings quotas in section 13.

Local Lettings Policies (LLP)

Section 166A(6)(b) of the Housing Act 1996 enables housing authorities to allocate accommodation to people of a particular description, whether or not they fall within the reasonable preference category. This is possible, provided that overall the authority is able to demonstrate that it has complied with the requirement to ensure that the policy takes into account those people who fall within the reasonable preference categories. This is the statutory basis that allows the Council to make “local lettings policies”.

In the interest of sustainable, manageable communities, ‘Local Lettings Plans (LLPs) are applied in certain areas of Nottingham City which have particular issues such as crime and antisocial behaviour. LLPs may also be used to address other local priorities, for example the sustainability of new build developments, supporting people into work and helping those wishing to downsize. This could mean that certain restrictions are placed on the letting of properties within the area.

Nottingham HomeLink partners are responsible for their own individual LLPs. However, wherever possible, this will be done in consultation with all Nottingham HomeLink partners.

LLPs are reviewed annually and every attempt is made to keep the use of Local Lettings Policies to a minimum.

Because LLPs are subject to frequent review and change, they are not listed in this document. However, a copy of current LLPs is available upon request from the Nottingham HomeLink Team. LLPs for NCC properties will be approved by the Councillor responsible for housing.

Independent Living Schemes and Extra Care Schemes may also be subject to Local Lettings Policies.

The applicant should provide as much supportive information as possible in support of the review application.

The Nottingham HomeLink team will undertake the review as follows:
